Ground Level

Aquifer Full Level - 12.0 Feet

Average November 1st Static Water Level - 56.4 Feet

Static Water Level, December 1, 2017 - 57.6 Feet

Critical Static Level
Only one well out of
four able to pump.

Pumping Level

Pump Suction

Definitions

Static Level: is the level of water in the well when no water is being taken (pumped) from the well.

Pumping Level: is the level of water in the well during pumping.

Critical Satic Level: is the level where many of our wells can no longer pump water and we must use much more water from Lake Casitas.

ALWAYS CONSERVE WATER!
