**2023 WATER PROJECTS
POTHOLING
SPEC. NO. 2022-01**

DATE: 7-11-2022

ADDENDUM NO. 2

The following additions and/or corrections shall become a part of the Contract Documents and Specifications for the above-named project.

CLARIFICATIONS:

The bid date and time remain unchanged.

Prior to beginning Work, the Contractor shall contact Underground Service Alert for marking of utilities. Once utilities are marked, the Engineer shall observe the markings to determine the final pothole locations and if any potholes need to be added or subtracted. For example: on the Tico Project Area Sheet (1 of 2), a SoCalGas crossing is noted to be potholed if east of the VRWD main. If utility marking indicate it is west of the VRWD main, it might be removed from the contract.

The pothole for the vault to be located on N Carillo Road is an allowance for a pothole in a location to be determined; the entire area of the vault does not need to be potholed. The precise location of the pothole will be determined pending USA markings.

SPECIFICATIONS:

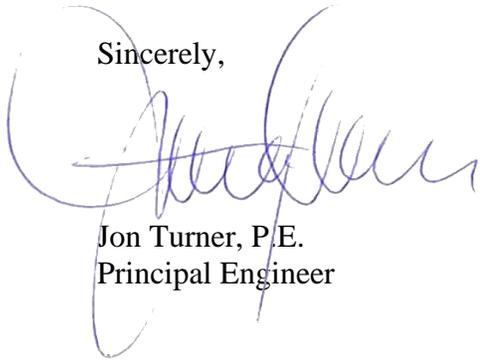

Add the following new paragraph in the “NOTICE INVITING BIDS” (page A-1) between the existing first and second paragraphs:

“Electronic bids (via emailing scanned PDF documents to bert@venturariverwd.com) will be accepted. The Bidder must confirm receipt of the bid either in writing or by calling into the District (805-646-3403) if submitted electronically. The District will not be responsible for any bids that are not received electronically due to spam filters, large attachments, etc.”

When submitting a bid for the project, this Addendum shall be acknowledged in writing as part of the proposal and a signed copy of the Addendum shall be included in the bid package.

If you have any questions regarding the specifications or this addendum, please call Jon Turner at (805) 658-6800 or Bert Rapp at (805) 646-3403.

Sincerely,

Jon Turner, P.E.
Principal Engineer
